CHARACTERISTICS OF YOUR HOME

Our mission at USAA is to help protect your financial security. One way we do this is by helping you determine if you're adequately covered in the event of a loss. We can calculate the minimum rebuilding cost of your home based on your home characteristics, but only you can decide if this is enough coverage. Our estimates are based on average construction costs and labor costs for geographic areas and may not reflect the unique features of your home or the area you live in.

On the back of this page, you'll find your home characteristics. If any of the information is incorrect, the rebuilding cost may be affected, so please revise any inaccuracies by:

- Logging on to usaa.com, selecting your policy and then Home Characteristics, or
- Calling us at 210-531-USAA (8722), our mobile shortcut #8722 or 800-531-8722.

Should I adjust the coverage on my flood or wind policy?

If you have a separate flood or wind policy for this property, please call your agent or insurer to confirm that your coverage is adequate. For flood or wind policies serviced by the USAA Insurance Agency, please call us at the numbers listed above. Wind coverage is available in Alabama, Florida, North Carolina, South Carolina, Texas and Mississippi.
